Chief Medical Officer

NHS West and North London Integrated Care Board

Min Na Eii

Advanced Pharmacist Practitioner

South Tyneside & Sunderland NHS Trust

About The Health Foundation

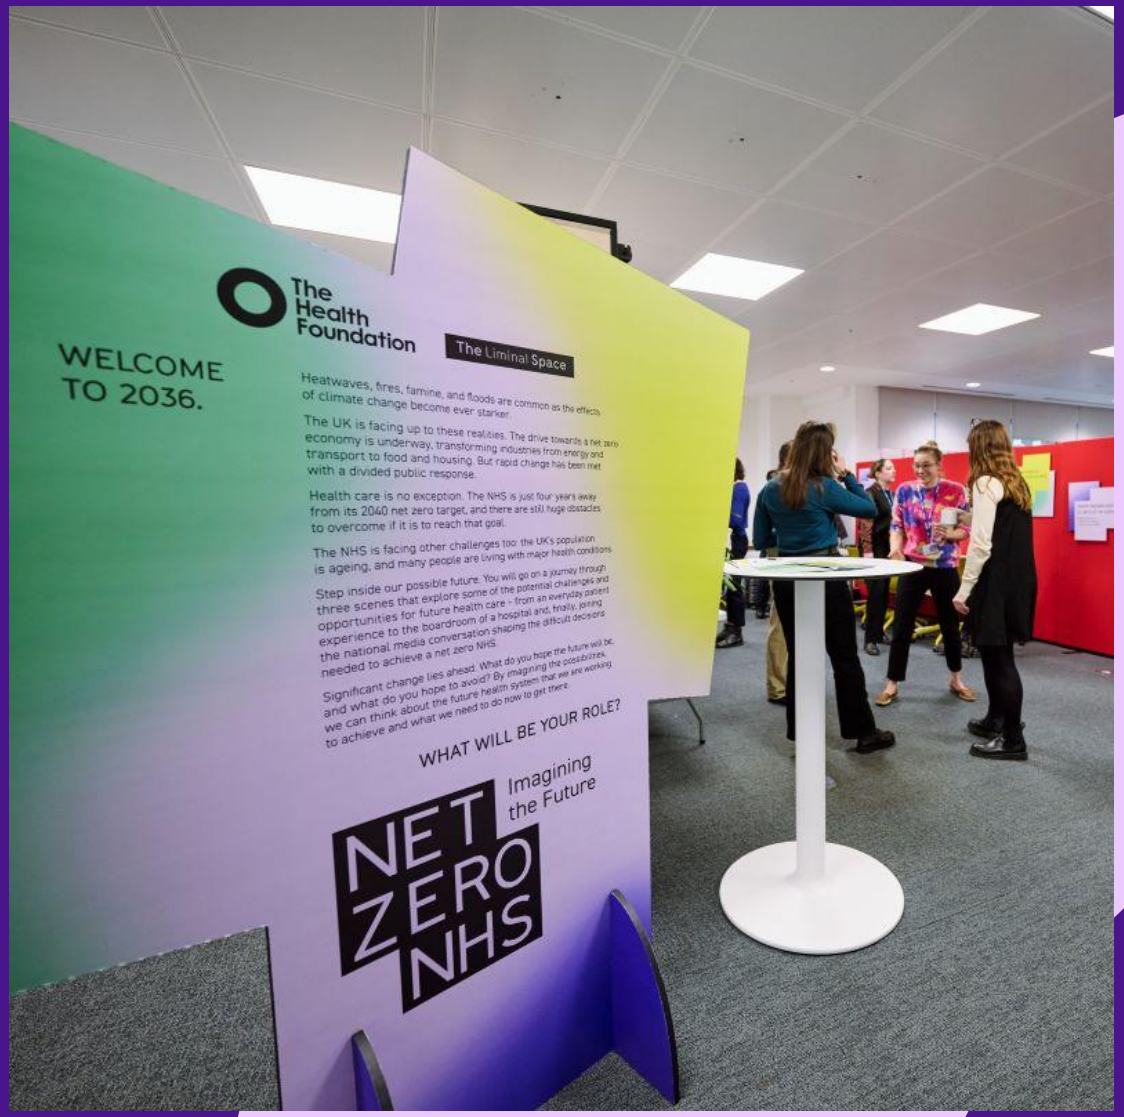

The Health Foundation is an independent charitable organisation working to build a healthier UK.

By 2030, we want to:

1. Put health and inequalities at the heart of decision making
2. Shape the future of the health and care system to ensure the best care for all
3. Build new approaches to testing innovation that could transform health and care

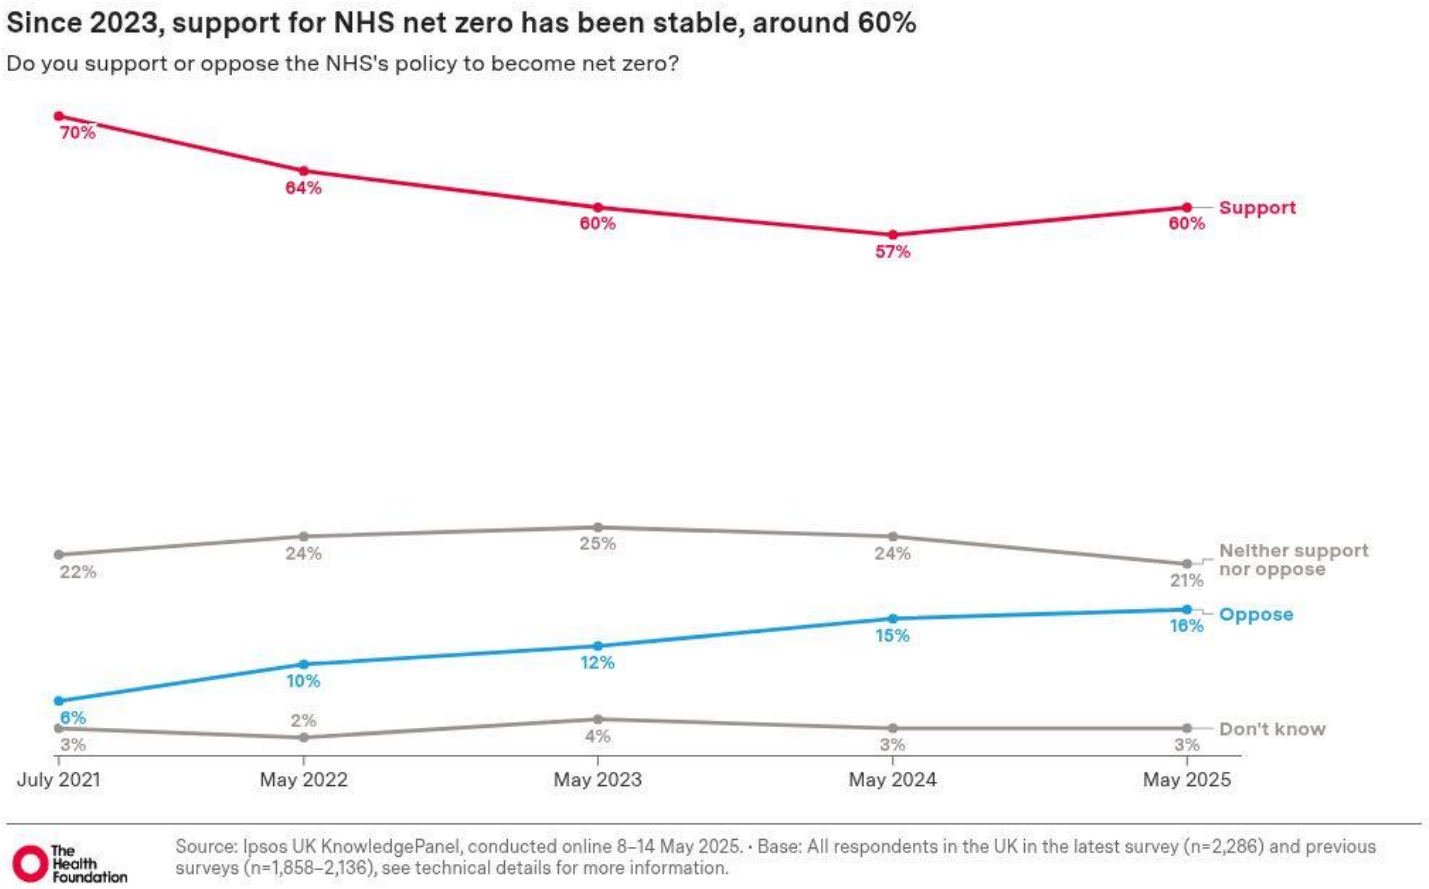

The Health Foundation's environmental sustainability work

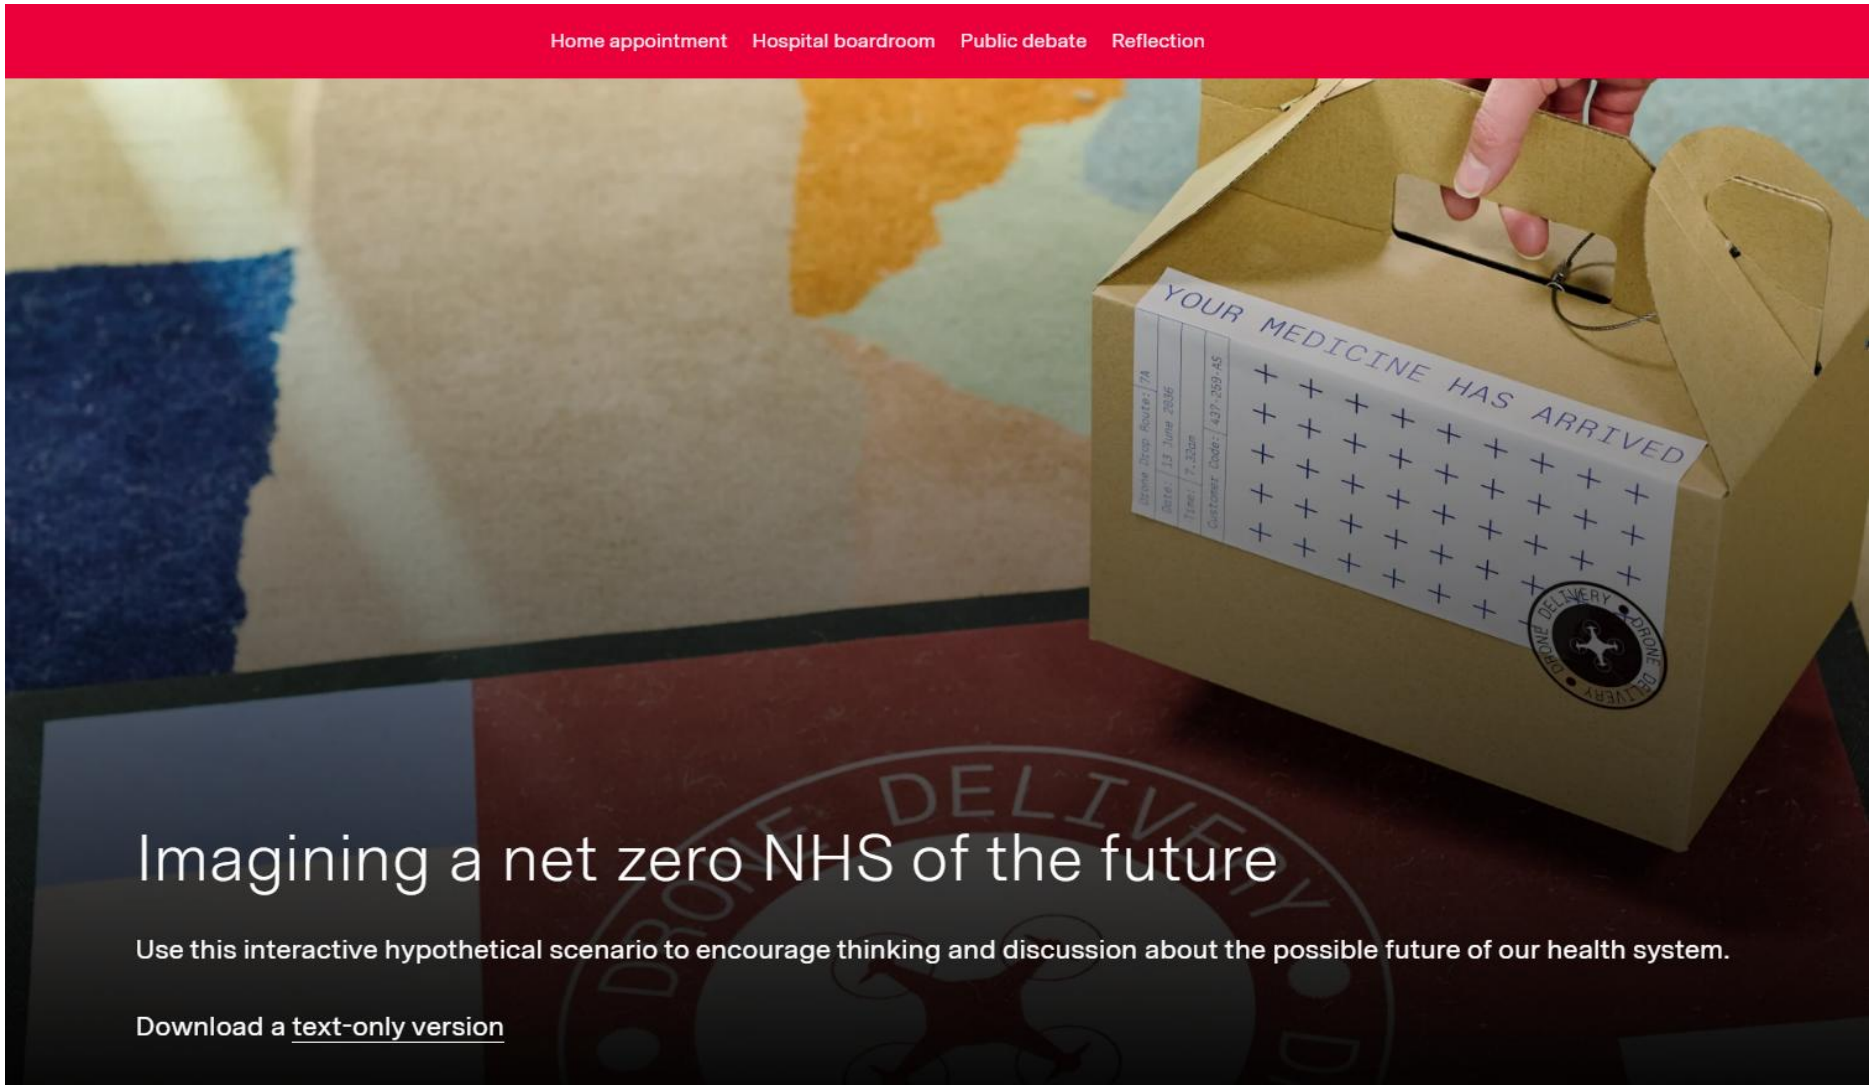

What does the public think about NHS net zero?

- People are concerned about climate change (70%)
- More people think climate change will impact health globally (77%) than in the UK (50%)
- Awareness of NHS net zero target is low (~25%)
- Support for NHS net zero is consistently high ~60%)

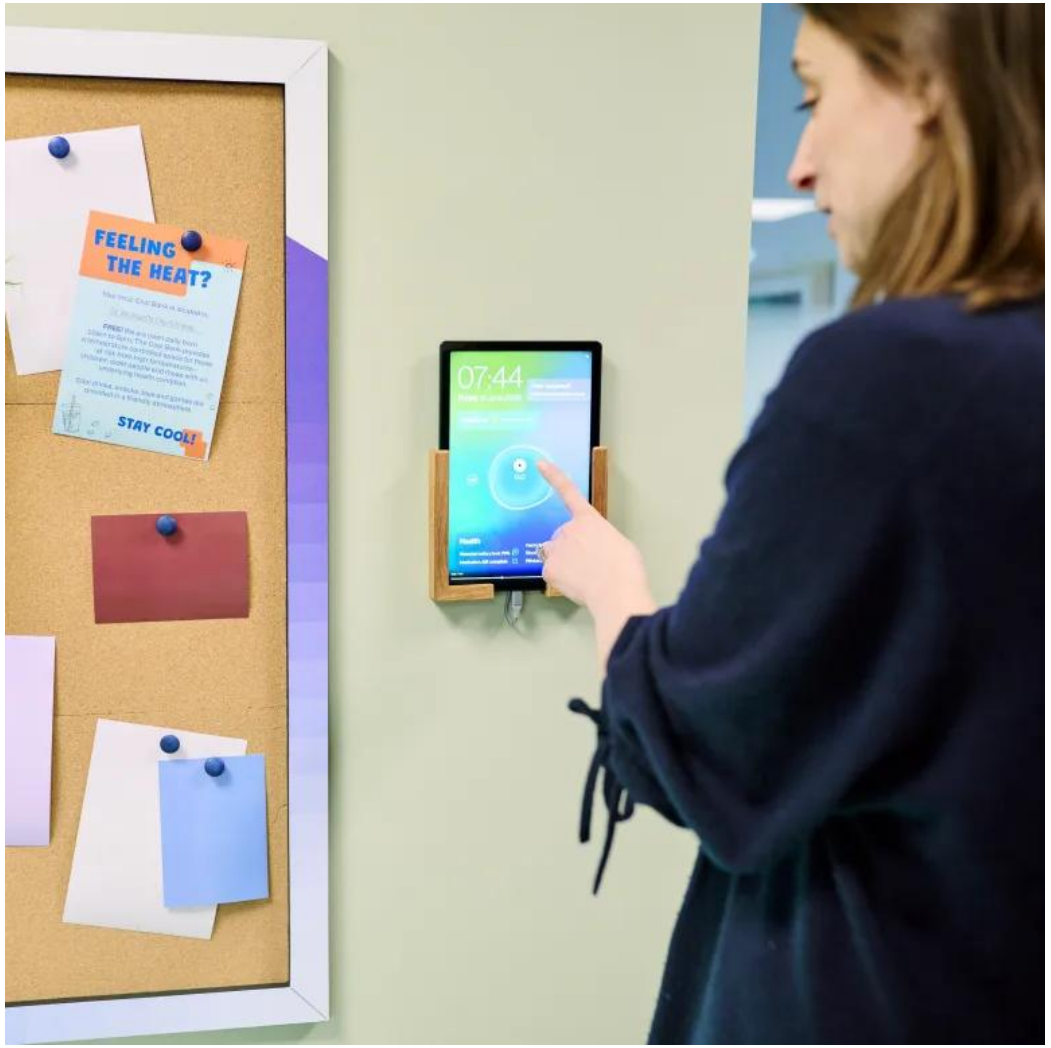

What does a low-carbon NHS look like?

How can the NHS deliver net zero?

- Exploring how leadership and accountability can drive change
- Understanding how the 10-Year Health Plan could support net zero – and the policy levers needed to get there
- Exploring what net zero care looks like – for patients, staff and funding priorities

Q&A and moderated discussion

Please submit your questions to our panel and any comments in the Q&A section of the Zoom Webinar
