1 in 5 dwellings doesn’t meet decent standards in England. Where we live is more than just a roof over our heads. It’s our home – where we grow up and flourish.

A healthy home is:

- Affordable and offers a stable and secure base
- Able to provide for all the household’s needs
- A place where we feel safe and comfortable
- Connected to community, work and services

Investing in housing support for vulnerable people helps keep them healthy. Every £1 invested delivers nearly £2 of benefit through costs avoided to public services including care, health and crime costs.
